With over 11 years of experience in Film & Television, from California to Georgia, New York to Florida, I have run the gambit of almost every position in the art department, making me well verse in operating a successful art department, no matter the position nor budget. As a Leadman working on features, reality, commercial, corporate, creative, music videos, and just about any other medium, I strive to make sure that the art works cohesively with the storytelling and only elevates the final project. At the end of the day, this is still a business & I keep this in mind and use it to inspire me, rather than hindering, only allowing creativity to take over.

**PROGRAMS:** Google SketchUp, Vectorworks, SyncOnSet, Adobe, Final Draft, Microsoft Office & Work Suite.

**CERTIFICATIONS:** OSHA 10, Aerial Work Platform Operator – Sunbelt, CPR / AED / First Aid / Covid 19 Prevention Training
